

Alpha Sigma State Successful Chapter Program Ideas

Program Name/Title: Let's Make A Deal, DKG Style By Caryn Mears, Sept. 2015

Purposes: (Which of our 7 purposes does this program address?)

To introduce and inform the 7 purposes of DKG with the general members.

Overview/Summary of Program:

This skit was used at a Welcome Back program, but could be used anytime throughout the year to reinforce the seven purposes.

Premise: MC follows script for different items in member's purses. The winning contestant comes up and holds the "door" which has one of the purposes on the card. The MC explains how the item represents one of Delta Kappa Gamma's seven purposes.

Materials: Seven purposes written on seven pieces of tag board in large print.

Seven purposes: UNITE, HONOR, ADVANCE, SUPPORT, ENDOW, STIMULATE, INFORM. Write numbers 1-7 on the back, so people only see the numbers instead of the purposes.

Prizes, if chosen. (Could include DKG pencils, note pads, candles, lotions, etc.)

Resources/Links/Extensions:

SKIT:

MC: Ladies, Welcome to Let's Make a Deal, DKG style! This evening we are going to be checking into your purses, and looking for the seven purposes, so grab your purse and here we go!

MC: Who has a piece of string or piece of yarn in their purse?

Contestant comes up with string... (could be dental floss, yarn, etc.)

Contestant comes forward and is told to take "Door #1" / UNITE.

#1 – Let’s turn that Door around! That's right! UNITE. Let me remind you that this piece of string represents how DKG women teachers are UNITED in a genuine spirit of fellowship!

MC: Moving right along. Who has something in their purse that says they are a teacher?

Contestant comes forward and is told to take "Door #2"/ HONOR.

#2 - That's right. HONOR. DKG HONORS women teachers who have given distinctive service in the education field. Let's honor anyone here who has their National Board certification or has achieved a Master’s Degree, Doctorate, etc.

MC: Does anyone have a lifesaver?

Contestant comes forward and is told to take "Door #3"/ADVANCE.

#3 - ADVANCE! We can all be lifesavers when we help each other ADVANCE in our professional careers, especially those Early Career Educators who really need our help!

MC: Who is wearing spanx? Support hose, Cross your heart bra, etc.

Contestant comes forward and is told to take "Door #4"? SUPPORT!

#4 - SUPPORT! Just as these Spanx are supporting our friend, _____, DKG encourages us to initiate, endorse and definitely SUPPORT desirable legislation to better interests of education and women teachers. We in WA definitely want to support education that is positive for our students!

MC: Who has a two dollar bill? Okay, a Five dollar bill? or a \$10 dollar bill?

Contestant comes forward and is told to take "Door #5"? ENDOW!

#5 - ENDOW! When we donate or ENDOW our money to DKG we provide scholarships to aide outstanding women educators to pursue graduate studies.

MC: Who has a piece of gum? or a piece of candy?

Contestant comes forward and is told to take "Door #6"/ STIMULATE.

#6 - STIMULATE! Just as this piece of gum gets our juices flowing, women teachers want to STIMULATE others to participate in professionally appropriate programs!

MC: Now listen to this question carefully. Who keeps their cell phone closest to their heart?

Contestant comes forward and is told to take "Door #7/INFORM!.

#7 - INFORM! Delta Kappa Gamma women teachers want to INFORM others about economic, political, social and education issues, so we may effectively participate in a global society.

So there you have the seven principles presented in Delta kappa Gamma Style! Let's all go forth and UNITE with women teachers and HONOR those teachers. DKG sisters join together to ADVANCE our professional interests and SUPPORT desirable legislation for women educators. ENDOW some of our hard earned money toward helping others obtain scholarships or furthering their graduate studies. And most importantly INFORM others, not only about Delta Kappa Gamma, but the educational, political, economic and social aspects of the world around us. As we leave here today, let's remember that as women teachers, we not only hear to help each other, but more importantly we are a society that encourages positive things for the children we encounter every day.

Would this be an appropriate workshop for Alpha Sigma State? Yes No

Include contact information for chapter/presenter etc.
